Northwood Police Department Adds On-Body Video Capability

Sgt. Shane Wells modeling the camera (Photo by Lucy Edwards)

Lucy Edwards
• Sat, August 09, 2014

The Northwood Police Department rolled out its on-body video camera program for every uniformed officer on July 23, 2014, joining several other police departments in New Hampshire in using this new technology. The cameras Northwood chose are made by Taser, and can be worn just above the ear using a headband, on a pair of glasses, or they can be shoulder mounted.

The first question I asked was, "Do you have to get permission to record?" Chief Drolet explained that they do notify the parties being recorded but permission is not needed when the officer is interacting in a law-enforcement encounter. For example, if you stop to talk to an officer at the supermarket, the recorder is not turned on, but if you are pulled over on the highway, the recorder will be on.

Chief Drolet noted that having a videotape record of a law-enforcement encounter is good police practice for both the officer and the other persons involved. The experience of officers who have worn on-body cameras elsewhere is that it markedly improves behavior, of both the officer and the subjects. I asked Sgt. Wells what his experience so far has been like, and he immediately described it as good. He said that he found he was much more conscious of his words and actions, remembering his training as he worked. He also said he was a bit surprised that the reactions of the public were so positive.

The Chief noted that being able to watch the tapes and see exactly what happened during the encounter makes writing good reports much easier. The videotapes are also excellent educational tools. The department will be reviewing them and using both the good examples and the not-so-good in their trainings.

The information on the tapes is also going to save time and money when officers have to go to court to testify.

2014 Wage, Salary & Benefits Survey Coming Soon!

Data collection will begin by *August 8* and will be done via the NHMA website. From the Homepage, click on "Wage Survey Updates" in the Member Toolbox. You will need a login and password to make the updates. Once you log in, you will see the prior year's data for your municipality if you participated in the 2012 survey. Make the updates to each screen and click on submit! If you have any questions or have difficulty logging in, please contact Judy Pearson, Member Relations Coordinator, at jpearson@nhmunicipal.org or (603) 230.3355. *Please plan to complete the updates by September 2, 2014.*
