Good Evening,

My name is Jen Guptill Thank you for letting me share a vision for a Candia Farmers Market.

We are a sub-committee gathering under the Candia Agricultural Committee. We formed because a citizen posed a question, to possibly hold a weekly farmers market in Candia. Our members of the sub-committee are all volunteers from the community, include;

Pattie Davis, Jacqueline Wilkins, Amy Smith, Ashley King, Colleen Dugan Gosselin, Erica Tannariello Jeanes, Heidi Bothwell and Jen Guptill.

← moved to end

We are in the very beginning stages of research; one main item on our agenda is location. We have come up with a few good possibilities, but one main question stands regarding insurance. We need to find out from you, the selectmen, if we would be covered under the towns insurance if we were to hold a farmers market on town property? Ie; Smythe Library or Moore Park being a couple of the options. We understand each vendor would hold their own liability insurance, we are looking more for the umbrella coverage under the town.
