Only Reviewed Incidents included. CO Checks only includes Incident Types: 424, 736 and 734. # Apparatus Transports = # of incidents where apparatus transported. # Patient Transports = All patients transported by EMS. # Patient Contacts = # of PCR contacted by apparatus. This report now returns both NEMSIS 2 & 3 data as appropriate. For overlapping calls that span over multiple days, total per month will not equal Total count for year.

Town of Candia Board of Selectmen Tel: 603-483-8101 Fax: 603-483-0252

To: Board Members From: Boyd Chivers Date: June 5, 2020 RE: Assessing Service Contract Recommendation

The resignation of our assessor, Tammy Jameson, who as a contract assessor, has provided Candia with 20 years of invaluable service, has presented both a short-term challenge and a long-term opportunity for our town.

The short-term challenge requires the town to ensure continuity with a vital function and replace Tammy, whose resignation was tendered in April but who has agreed to stay until a replacement is found.

The long term opportunity was identified when town employees voiced their displeasure and ongoing frustration with the various software programs related to property assessment (Vision), tax billing and finance (BMSI) and the Land Use Office (Munismart) used to perform their duties and the lack of integration between the programs. Finding Tammy's replacement was seen as an opportunity to address two related problems and was approached accordingly.

A panel consisting of myself, Selectman Brock and the town employees who use the software systems on a daily basis convened to interview three assessing services candidates: Whitney Consulting Group, Corcoran Consulting Associates, and Commerford, Nieder, Perkins. In addition, the panel interviewed a firm experienced in municipal software applications and their integrated use by municipalities: Municipal Resources, Inc. (MRI).

While the services available through MRI are important, they are not urgent. The panel recommends that a systems assessment be performed by MRI well in advance of the 2021 budget cycle to allow consideration for an appropriation to incorporate their recommendations in that year's budget.

The services of an assessor, however, are both important and urgent. Following an interview with the three candidates and an effort to reach consensus on the 4 criteria agreed upon by the panel (scope of service, experience, systems proficiency, and value). The following quotes for essentially the same services for a 6-month period were considered:

•	Commerford,	Nieder,	Perkins	\$9,720
---	-------------	---------	---------	---------

•	Corcoran	Consulting	Associates	9,600
---	----------	------------	------------	-------

Whitney Consulting 10,125

While the bid submitted by Whitney exceeds the lowest quote by \$525, it is justified by both the firm's commitment to employee and customer support and service, as well as their experience in their field and with the recommended replacement software for the VISION system, which is soon to be obsolete and would require not only a \$10,000 upgrade but additional unknown hardware costs. The panel was unanimous in recommending Whitney Consulting to the Board of Selectmen.

On behalf of the interview panel, I urge this boards support for that recommendation and subsequent approval of a 6-month contract with Whitney Consulting Group.

Lastly, I recommend Lisa Galica be recognized for her assistance in coordinating the interviews and sorting through the information to enable some rational analysis of the proposal.
