

The Smyth Memorial Trustees would like to encumber \$7500 from unspent money in the 2020 budget. The money would be used for the purchase of a new furnace for the Smyth Memorial Building. The balance of the money needed for the furnace will come out of the 2021 budget. Attached is the estimate for the new furnace.

All Boards, Commissions and Organizations:

Town Hall policy strictly for protection of our employees and citizens in Candia. Per State Of New Hampshire Governor Emergency Order 74 Pursuant to Executive Order 2020-04 to 2020-21. As of November 20th, 2020, masks are mandatory for all public spaces and must be worn at all times regardless. Social distancing 6 ft must be maintained otherwise.

We will be enforcing the following:

- Per State guidelines anyone wishing to enter building we will need to have temperatures taken.
- Answer 5 health questions posted.
- Sign in sheet will be provided in the entrance foyer.
- Sanitizer, Mask and wipes are provided for everyone to use.

If someone entering the building is unable to mask for medical reasons or needs to conduct business without a mask, we provided plexiglass booths so that person can speak freely and safely to others. Pertaining to Board, Commission Committee meetings or any organizations conducting business within the Town Hall, and it will be full responsibility of the Chairperson or next in charge to make sure people are executing protocol.

Please stay safe!

If anyone has any issues, concerns or questions I may be reached by my Cell 494-2741.

Kevin Gagne
Town of Candia
Building Inspector, Code Enforcement Officer. Health Officer.
Reference Authority HO. to enforce per RSA141-C:5

Dear Ms. Chandonnet,

Southern New Hampshire Services (SNHS) operates in Rockingham County as Rockingham Community Action (RCA), a private, non-profit corporation serving low-income individuals and families residing in all 37 municipalities of Rockingham County, New Hampshire.

The mission of Rockingham Community Action is to support low-income individuals and families with direct services, to work to prevent more families from falling into poverty and/or homelessness, and to assist at-risk families in finding long-term solutions to their economic needs. This is accomplished by offering a variety of services to address people's immediate needs, providing the tools and skills to help achieve self-reliance and improve long term quality of life, and working in partnership with the community and other service providers to address the root causes of poverty.

Every year we request funds from each Rockingham County municipality for the general operating expenses of RCA's five Community Resource Centers.

Rockingham Community Action's funding request from the Town of Candia for Town Fiscal Year 2021 is level funding of \$6,807.

Candia is served by RCA's Raymond Resource Center, whose Site Supervisor is Joyce Kimball. Joyce can be reached at (603)895-2303. Our Outreach Centers provide services ranging from meeting immediate crisis needs (often helping municipalities with Local Welfare requests) to providing the tools and resources that bring individuals and families one step further along in their pursuit of self-sufficiency by:

1. Identifying the full range of services available to clients
2. Creating financial assistance plans to address clients' needs
3. Advocating to ensure that assistance from other providers is accessed
4. Providing direct services

*Rockingham Community Action
Funding Request*

In addition to serving as an important 'port of entry' for RCA and other social services, RCA's Resource Centers provide a number of direct services to low-income households:

- 1) Fuel/Electric Assistance Programs: RCA staff screen and enroll households in federal LIHEAP (Low Income Heating & Energy Assistance Program, aka 'fuel assistance' and state Electric Assistance programs.
- 2) Crisis Services: RCA staff provide emergency grants, often working in cooperation with municipal welfare, for households facing eviction, foreclosure and/or utility terminations.
- 3) Food Pantries: RCA staff assist households who are critically low on food with donated and purchased perishable, non-perishable, meat and dairy food items. We work cooperatively with other small community pantries to assure the widest availability of these resources. We also receive, from organizations and individuals, many cash donations which are used to fill in gaps as they arise in our food stocks or to purchase food 'gift cards' for area grocery stores. We stock personal care and cleaning items. And we attempt to keep a supply of diapers and related supplies for children and adults at our sites, as well.
- 4) Financial Capability: RCA employs dedicated staff who are responsible for holding free tax preparation geared at the Earned Income Tax Credit (EITC) eligible tax payer, providing one on one financial coaching, credit repair, financial crisis interventions, workshops and access to partner financial services. Staff also works at filling the void in financial stability programming when a need presents itself ie working with town assistance offices to help fill out Property Tax Relief forms.
- 5) Homeless Housing Access Revolving Loan Fund: RCA staff screen and enroll homeless applicants in this program providing an interest free loan toward a security deposit and/or first month's rent.
- 6) Homeless Outreach/Intervention Program: RCA staff assist homeless individuals and families with identifying shelter needs, arranging emergency transportation to shelters, and arranging alternative shelter.
- 7) Housing Security Guarantee Program: RCA staff screen and enroll low-income households in this program providing no-interest loan guarantees toward security deposits
- 8) Personal Emergency Response System: RCA staff provide access to affordable emergency response systems for aged and/or disabled individuals in order to ensure their safety and maintain their independence and quality of life.
- 9) NH DP-8 Low & Income Homeowners Property Tax Relief applications: RCA staff contact eligible County resident homeowners and assist in the completion of this application to receive a State property tax refund check.

*Rockingham Community Action
Funding Request 2021*

In order to provide the wide range of services that we do, RCA depends upon a number of funding sources. Federal LIHEAP (Low Income Heating & Energy Assistance Program) and FEMA (Federal Emergency Management Agency) funds are used to provide annual fuel assistance grants and emergency assistance services. State Grant in Aid funds through the NH DHHS Bureau of Housing Supports are used for homeless services. RCA also solicits and receives grants from a variety of sources (among these the United Way, small foundations and scores of unsolicited private donations) for programming not attached to Federal funding, such as financial capability and food pantry programs. While providing significant direct assistance grants, the administrative allowances included in the Federal and state funded programs are insufficient to support the staff and facility costs necessary to administer the programs. The strength of RCA's presence in the local communities is that we address the wider needs that clients present when coming in to apply for these narrowly-defined, highly-regulated and means-tested Federal and State programs. RCA takes a generalist approach to addressing poverty issues in Rockingham County because nobody who comes to us for help has only one problem; no one is poor because of just one reason. The reality of this approach is, however, that few large funding sources pay for the face to face interactions and relationship building it takes to fully and adequately address the multitude of problems being experienced by many of our clients. We count on funding from all municipalities in Rockingham County to support us in taking the time to investigate and address the root issues which have caused the presenting crisis.

Each year RCA generates a Program Statistical Report (PSR) which lists all the services we provide to County residents, also breaking out these numbers by municipality, and the total value of each service. Over time the PSR has been the most effective way to demonstrate to our funders and the public the range of service we provide. The PSR for the period of October 1 2018 through September 30 2019 is included with this Funding Request. And of course, we are always happy to provide more specific information about any program referenced on the PSR.

RCA is proud of our long standing relationship with Rockingham County's municipal welfare administrators, and our positive impact on municipal general assistance budgets through the services and supports we provide. NH RSA 165 requires each municipality in the State is to 'relieve and maintain' any individual who is found to be 'poor and unable to support himself (sic)'. This is a very broad mandate, and often can lead to a long term period of expense for NH municipalities as they provide for indigent residents' needs. One way municipalities can control these costs is by adopting clearly defined Welfare Guidelines establishing limits on assistance through legally enforceable requirements place upon Welfare recipients.

The availability of the supports and services offered by RCA helps municipalities maintain the integrity of their Guidelines and reduce general assistance costs as they partner with us in meeting the immediate financial needs of their indigent residents. Classic examples of these situations would be a household facing termination of electric service and owing several months of electric bills, or a household which has run dry of fuel oil but cannot get a delivery until past bills are paid. In this time of COVID-19 RCA is able to be of even more assistance to our towns by being able to offer the Governor's Housing Relief Program. This program comes without income restrictions and is geared toward helping

*Rockingham Community Action
Funding Request 2021*

those residents who are financially impacted by the pandemic with rent/mortgage and utilities. See the included flyer for more information.

The availability of RCA program funds to combine with municipal funds can help the municipality's welfare administrator clear up back utility balances and guide the welfare recipient to a manageable budget in an effort to avoid further crisis for the recipient and cost to the municipality.

I thank you again for your ongoing support of our work, and I look forward to answering any questions you may have regarding this request. I will be happy to meet with you or any decision making body regarding Rockingham Community Action and our programs.

Sincerely,

Patte-Anne C. Ardizzoni

Re: Candia - Cemetery
Candia, NH
#2079

Dear Cemetery Commission:

Farwell Engineering Services (FES) is pleased to provide you with this proposal. We have been Contacted by Mr. Jason Franklin requesting a proposal to provide a Standard Dredge and Fill application – Minimum Impact. The project as I understand it is to extend an access road through a wetland. It is assumed the proposed impacts are less than 3000 sf.

Franklin surveying will provide the existing plan in electronic format. FES will prepare an application for submittal to NHDES for approval.

The following Tasks and costs is my understanding of what will be required to get this project approved.

Candia Cemetery Commission
December 11, 2020
Page 2

I have broken the project up into tasks and associated costs for each.

Task 1 - Permitting

The location for the wetland crossing has been determined. FES will prepare the permit for a Standard Dredge and Fill -- Minimum Impact, for extending the access road as shown on plans prepared by Franklin Surveying. The plan will include a plan and profile of the wetland crossing. FES will obtain an NHB review of the site as well as a historical review as required by NHDES. FES will provide photos of the wetland crossing area. FES will notify the abutters by certified mail of the wetland crossing.

This proposal does not include planning board meetings or presentation to the conservation commission. The application will be submitted to the town as part of the application process. If the board wishes to present this application to the planning board or conservation commission additional time and cost will incur.

COMPENSATION

Farwell Engineering Services, LLC will provide all the services specified on an hourly basis. The costs associated with each task are noted below. This does not include the filing fee to NHDES. The filing fee is estimated to be \$400. FES will provide you with a cost estimate prior to performing additional work. I will work to provide the best outcome for you while letting you know where we stand on the budget. We will not exceed the budgeted amounts without authorization:

- Task 1 Permitting \$3200

Engineering services will be billed at the following hourly rates:

- Principal/Project Engineer \$135/hr

EXPENSES

The following is a list of typical expenses.

Plan copies \$5.00/ sheet
Mileage – \$0.60/mile

Candia Cemetery Commission
December 11, 2020
Page 3

AUTHORIZATION

This Proposal, consisting of three (3) pages shall represent the entire understanding between **Candia Conservation Commission** and Farwell Engineering Services, LLC in respect to the project. If satisfactory to you, please sign both copies of the proposal, return one copy to this office along with a retainer check for \$2000, and retain one copy for your files. This proposal shall remain valid for a period of Thirty (30) days. This proposal may only be modified in writing, signed by both parties. Receipt of the signed proposal will serve as our authorization to proceed.

Accepted this _____ day of _____, 2020.
