**Regular Business:**

Bookkeeper Beth **sent another invoice to Donna Becker as the first one sent in January was an email not an invoice, sent the invoice (\$3K) for tree service from (Pat) done last year, to Donna Becker.** Bob Pike took the cut wood as payment for his services. **Dick and Admin. assistant Donna both let Martin know the wood goes to the welfare dept for those that need it over the winter.**

More trees need to be taken down at Hill Cemetery, members will wait for budget approval and proceed from there.

Beth informed members that last year's budget would probably be the same for this year. Sexton Martin reported that Bob Pike may retire **he says this every year**, the committee will wait until ~~that is formally received.~~ **He makes it official.** Between Martin and Bob, the Holbrook Cemetery is probably about 50% of the work. Hill, Depot, Village and Beane Island takes the other 50%. Mowing, trimming of bushes, leaves and all other related duties.

Members discussed what to do with the broken or damaged stones, Sexton Martin reported that a monument company would probably be the best solution.

Sexton Martin also reported that another load of loam would be needed at the Holbrook Cemetery where paving was done.

Meeting was concluded @ 7:20 p.m.

Notes submitted by Admin. Assistant Donna Del Rosso.

**Revised respectfully submitted by Beth Chalbeck per meeting recording.**
