

Unapproved  
Candia's Recycling/Energy Committee  
Public Meeting Minutes  
July 28, 2016

Attendance: Cinnie Griswold, Linda Bergeron, Clay Caddy, Al Couch

This was the inaugural meeting for the Recycling/Energy Committee. Clay was nominated and voted to serve as chairman. Al agreed to do minutes for this meeting. The committee will choose a regular recording secretary at a future meeting.

Basics of organization, such as the mission statement, and discussion of various tasks to be worked on were discussed.

Cinnie would like to see information on the committee reported in the Hooksett Banner. She also thought that an article on the swap shop would be good.

Al suggested that we set up a meeting with Northeast Resource Recovery Association as they play a major role for recycling in the region. This would enable all committee members to learn more about current NRRRA recycling programs and to also find out how the organization could further help the town.

All agreed that we would work closely with Chuck Witcher at the Candia Recycling Center to help with as many things as we can. Chuck has started a list of items to be worked on, and the list will be reviewed at the next meeting.

Everyone agreed that it should be a priority item to work on new literature for the Recycling Center, and to also update the information on the town website.

Future meeting dates and times will be set up to try to make attendance as easy as possible for all. It was decided that we would initially try the fourth Thursday, 6 pm, at the Town Hall meeting room. Next meeting August 25, 6 pm.

The meeting was adjourned at 8 pm.

Respectfully submitted,

Al Couch  
Committee Member
