

Candia Recycling & Energy Committee
Public Meeting Minutes
August 22, 2019

Attendance: Clay Caddy, Gail Thomas, Al Couch, Recycling Center BOS representative
Russ Dann.

Discussion on the Swap Shop addition- Russ talked about getting the site work and the concrete slab done to start the project. He will set things up with Dennis for the site work. Dana Kimble is the person who will be doing the concrete slab for the addition. He came to look at the site and knows exactly what needs to be done, and he was the lowest price for the job. Al will contact the building inspector to make sure he has all the information. Once the site work is done Clay will attach rebar to the existing slab so the slab for the addition will be securely tied in. Clay will order the materials needed for the structure, and then we will get a group of volunteers lined up to do the construction.

Old Home Day-we discussed set-up plans for the Recycling Center booth. Russ will bring a table and a canopy, Clay will use his trailer to bring a bale of plastic, Gail will bring candy and snacks, Al will bring signs and literature. Clay, Russ, Gail, Freda, and Al will be at the booth to greet people, hand out info and to answer questions.

Swap Shop heater- Al will work with the local heating company, Patriot Heating, to give us some ideas and quotes for heating the Swap Shop for cold winter days. There is an appointment set up in September for Art to come and look at it so he can come up with the best option.

Capital Reserve Fund info- this will be tabled until the next meeting when Dick Snow and Chuck Whitcher are available to go over the information. Al will send the committee copies of the fund information so they can review it prior to the next meeting.

The next meeting will be Thursday, September 26.

Respectfully Submitted,

Al Couch, Recycling/Energy Committee member
