# Memo

To: Chairman, Trustees of the Trust Funds  
From: Brien Brock, Chairman  
Date: July 26, 2021  
RE: American Rescue Plan Act Proceeds

---

The Town of Candia has applied for and has received the first installment of funds allocated to it under the American Rescue Plan Act. This is to request the creation of a dedicated account for these funds and subsequent deposits and that the Trustees act as its custodian.

Name of the account: American Rescue Plan Act Custodial Account

Purpose of the account: to hold funds received under the Act until requested by the Town or its designated agent in accordance with the requirements under the American Rescue Plan Act and the Treasury Regulations issued thereunder.

Authority to release funds: Candia Board of Selectmen.

The Board of Selectmen will be responsible for the annual reports required by the Act. Please provide it with the necessary accounting should that need arise.

JEANNE SHAHEEN

## United States Senate

WASHINGTON, DC 20510

June 22, 2021

The Honorable Patrick Leahy  
Chairman  
Committee on Appropriations  
United States Senate  
S-128, The Capitol  
Washington, DC 20510

The Honorable Richard Shelby  
Vice Chairman  
Committee on Appropriations  
United States Senate  
S-128, The Capitol  
Washington, DC 20510

The Honorable Chris Van Hollen  
Chairman  
Subcommittee on Financial Services  
and General Government  
Committee on Appropriations  
United States Senate  
Washington, D.C. 20510

The Honorable Cindy Hyde-Smith  
Ranking Member  
Subcommittee on Financial Services  
and General Government  
Committee on Appropriations  
United States Senate  
Washington, D.C. 20510

Dear Chairman Leahy, Vice Chairman Shelby, Chairman Van Hollen and Ranking Member Hyde-Smith:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2022 Financial Services and General Government Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

---

Jeanne Shaheen  
United States Senator

**Congressionally Directed Spending Requests Submitted by Senator Jeanne Shaheen to the FY 2022 Financial Services and General Government Appropriations Bill**

<b>Project Location</b>	<b>Recipient Name</b>	<b>Project Purpose</b>	<b>Amount Requested (in thousands)</b>
Candia, NH	Town of Candia	This project would help to fund the design, planning and construction of a public safety complex and a facility for the Town of Candia that will be used by their Highway Department. The facility will also be used as a resource for Candia's fire department/rescue service and police department. Employees and contractors of the Highway Department will be able to service and repair equipment, and police and fire personnel will have access to decontamination showers.	\$2,174
Rochester, NH	New Hampshire Judicial Branch	This project would help to offset the costs of the design and engineering of a new Rochester Circuit Court courthouse, which is currently located in the town's old post office building. The project would allow the City of Rochester to house all court proceedings in one building, use the old post office building to meet the city's needs and provide an opportunity for further redevelopment of downtown Rochester. The City of Rochester has a parcel of land available for the project. The estimated cost for design and engineering is \$1,161,000, and the estimated cost of site work and construction is \$14,340,000.	\$1,161

## **Special Town Meeting Warrant Article**

**To see if the Town will vote to rescind the votes at the 2002 Town Meeting on Warrant Article 31 and at the 2005 Town Meeting on Warrant Article 18, creating the North Road Town Forest and assigning the Candia Conservation Commission with the care, management, and control, of those two properties shown on the current Candia Tax Maps as Map 402 Lot 008 and Lot 009, and further, to authorize and encourage the Board of Selectmen to negotiate an equal-value swap of the ownership of said Town properties with South Branch Brook Holdings, LLC, in exchange for the ownership of three of their properties on Raymond Road, two of them shown on the current Candia Tax Maps as Map 409 Lot 96 and Lot 97 and the third one a 1.54 (+/-) acre portion of Map 409 Lot 96-1 abutting the said first two Lots. Further, The Candia Conservation Commission is hereby authorized to place conservation easements on the Flint Road Town Forest, Map 410 Lot 010, and the Hemlock Drive Town Forest, Map 412 Lot 003 and Lot 004.**

**This is a special Warrant Article. If the Warrant Article is approved, but the intent of the equal-value swap authorized by the Warrant Article is not consummated on or before December 31, 2021, this Warrant Article shall be declared null & void, without compensation to either party.**

**Subject:** GIS system -feedback request  
**Importance:** High

Hello everyone,

The Planning Board is continuing our efforts to update and consolidate maps and data into an easily accessed and useful program. Maps include (but not limited to): Zoning, Conservation areas, Flood-prone areas, steep slopes and tax maps. Data includes (but not limited to): Building information such as Assessing data, building permits and related documents and, in the case of commercial operations, information for fire prevention data.

Our Town Engineering firm, Stantec, presented the Board with information for GIS (Geographic Information System). This software captures, stores, analyzes, and displays data in relation to location. This system gives access to information that can be uploaded into a system such as this and assist us in the organization of their information so as to better oversee conservation, utilities, forestry, locate and target specific zoning areas, natural resources such as flood zones and other wetlands as well as providing agricultural data, just to mention a few things.

A GIS requires gathering information from a variety of sources that include topographic maps, aerial photos, satellites, surveys, government research and reports, etc. and is regularly used in many towns to assist in cost savings, clearer communication and thus improved decision making based on the up to date information that is provided versus more outdated software that is currently used which does not have the capabilities to update or track these important items regularly.

In order to develop a plan of action for this project, the PB needs your feedback:

With the implementation of a GIS for the Town of Candia, how could the program assist your department, committee, board, Town residents as well as outside agencies or individuals you may work with? For example, potential areas of data include:

- Conservation areas

- Tax map data
- Street repair rebuilding data
- Fire Department pre-planning
- Water supply locations and status
- Building permit history

The PB will be discussing this further at the August 4<sup>th</sup> meeting and request you or a representative from your organization attend that meeting for more details. It is critical that we have a representative from every organization in order to develop a solid proposal and long range plan. If you'd like to submit feedback prior to the August 4<sup>th</sup> meeting, please reply to this email directly to me, (please do not reply all) or you may also drop anything off in writing at my office before the 8/4/21 meeting during business hours (8:30am to 3pm) and I will provide it to the Board for review.

We appreciate you taking the time to provide your input and we would also like to invite anyone that is interested to the August 4<sup>th</sup> PB meeting to discuss this feedback further.

Have a great day and we look forward to hearing from you.

*Thank you,*

***Lisa Galica***
