5:00 pm B. Brock called the SFC meeting to order immediately followed by the Pledge of Allegiance.

Review of the updated building and site plans and building character.

A. Mento was able to tour the current Fire Station to see what their future needs will be. He mentioned that Police Department plans will be larger than what they first anticipated, therefore their scale is bigger. That will mean the costs will be greater, but it gets them everything a modern station needs now and in the future.

Information will be available at the CYAA on October 21st, 2021, Meet & Greet for the Residents so they can have an understanding, of what it is all about and explain to them what they would be paying for. It was suggested to have the Committee Members who will be at the event, to write down questions and any feedback from Residents to have facts and answers for the Residents.

Brief discussion of the components: Utilities, generator, mechanical/electrical/fire protection systems and materials.

The next SFC meeting is scheduled for October 26th, 2021.

There was a discussion on scheduling an open house for the public to attend at the Town Hall in November or December. They will have further conversation in their next meeting to choose the date.
